

REPORT TO THE WA-ACTE EXECUTIVE BOARD

WACTA

Submitted By: Margaret Rice

Date Submitted: Nov.6, 2023

1. Accomplishments Since the Last Report (please identify the strategic plan goal/objective each activity seeks to achieve):

Actively working on building content for our members on our new website. Adding backend folders owned by WACTA Webmaster to ensure information is kept within the organization and not lost when new leaders take positions.

2. Emerging Critical Issues/Concerns for WA-ACTE and/or Your Section (for information purposes only):

Transitioned Spring Conference and are actively working on that event plan. May need guidance from WA-ACTE as the planning progresses.

3. Emerging Critical Issues/Concerns for the Field of Career and Technical Education (for information purposes only):

Budget crisis and the direct charges that are depleting CTE enhanced funding and the need to be VERY careful in working towards a solution. Additional research and inquiry needs to be done before moving forward.

4. Other Comments/Suggestions:

5. Upcoming Meetings or Conferences:

A virtual Business meeting will be scheduled for members to review revised bylaws and budget with vote to approve.

Items Requested to Be Placed on Board Agenda for Discussion

(Only include items that require Board discussion or action. These will be placed on the Board meeting agenda at the discretion of the President.)
