

REPORT TO THE WA-ACTE EXECUTIVE BOARD

WASTS

Submitted By: Roger A. Rich, Jr.

Date Submitted: 5/19/2022

1. Accomplishments Since the Last Report (please identify the strategic plan goal/objective each activity seeks to achieve):

Quality Professional Development: Establish platforms and resources needed to deliver professional development over the web or hybrid methods

- WASTS provided two professional development events this last year. The first occurred in the Fall of 2021, in which we provided learning on CAD technologies with Chrome Chromebooks by Joel Brian. The second of which was done in the Winter of 2022, focused on embedded leadership activities which was done in conjunction with Adam Scroggins.

Advocacy and Promotion: Foster and expand relationships with our established partners.

- We provided an opportunity for educators and directors to nominate the hard work of professionals in relation to developing and magnifying Skilled and Technical Sciences education. We were able to identify two recipients, one teacher and one CTE director whom will be awarded and notified at the WA-ACTE summer conference in Spokane this summer.

2. Emerging Critical Issues/Concerns for WA-ACTE and/or Your Section (for information purposes only):

Currently WASTS is experiencing low membership and participation within the professional organization.

3. Emerging Critical Issues/Concerns for the Field of Career and Technical Education (for information purposes only):
