463	That not all presenters used the same platform like Zoom. Took a little time to load last minute and get to presenters.	8/5/2020 12:31 PM
464	Good job of getting out info.	8/5/2020 12:31 PM
465	Workshops presented in American Sign Language should clearly state so on the app, as well as how to request an interpreter if a person not knowing sign language wants to participate.	8/5/2020 12:31 PM
466	I should have downloaded session materials before the conference started.	8/5/2020 12:31 PM

468	I may have missed it, but I would have liked the section tracker from the beginning. I apologize if it was available.	8/5/2020 12:31 PM
469	The only thing I can think of is that it would have been helpful to know which sessions were pre-recorded (I know someone said there should be a different kind of icon, but I could not see it), so I could have scheduled my time a little differently and been present from the beginning of the live sessions, knowing I could view the pre-recorded sessions in between others and on my own schedule.	8/5/2020 12:31 PM
470	How clock hours were / are going to be tracked was kind of confusing. But I figured it out!	8/5/2020 12:31 PM

484	Really was great! Knowing when to fill this out and that it can be done right away at end without losing chance to continue to participate virtually and collect clock hours would have been a helpful housekeeping item to know from the first, but it worked out fine and I will pass the info on for those who missed the last session.	8/5/2020 12:28 PM
485	Tracker ahead of time- but that was really no big deal!	8/5/2020 12:28 PM

490	I think you'll have a lot of info to share moving forward such as FAQ type information if we need to doing this in the future. I'm a little concerned the tracking isn't showing up for when I watch a recorded session. I check with Tess on this and she's said she'd share it.	8/5/2020 12:28 PM

195	SCRUM was new to me. I may explore it further at some point.	9/14/2020 7:29 PM
196	I like that there are many to choose to attend	9/14/2020 5:26 PM
197	I loved that I could go at my own pace after the live streams were over and loved that you gave us a very large window to view the different sessions. That is one of the negative things about in person conferences, many times you want to go to multiple sessions but can only choose one to go to for that time.	9/14/2020 3:57 PM
198	I was hesitant for the online platform...to be honest, I didn't think I was going to like it (I LOVE being in person, feeling connected with colleagues/community). I actually loved it. I loved being able to pick and choose more content than I would have been able with time constraints being in person. I loved that I could do a session here and there during the entire month. I could sit down, stand up, take a break and hit pause. I ended up loving the flexibility the online platform provided. The app was easy to navigate and I'd do a virtual conference again in a heartbeat. I did miss seeing my colleagues in person, but for the sole purpose of content and updates, this was awesome. Thank you to all who worked to make this a success.	9/14/2020 1:55 PM

219	I liked the ideas for virtual learning.	9/2/2020 4:49 PM
220	There were some amazing speakers and it was nice to watch sessions after they occurred if there were two (or more) that you wanted to attend at the same time.	9/2/2020 2:09 PM

99	Frustration wanting to watch sessions I had missed, but weren't available in recorded fashion.	9/15/2020 12:20 PM
100	Technology issues. In a class, out of the class, I am unsure of how many hours I logged between laptop, phone, work computers. In addition, offering descriptions are always lacking. Can't tell you how many times I have gone to a class, sit for 5 minutes, and walk out. The flashy title to get your attention shouldn't be allowed. 171	Technical glitches (but understandable) :)	9/15/2020 11:55 AM
172	Not all sessions were recorded	9/15/2020 11:55 AM
173	I'd like to be able to download presentations. I don't think this was possible, but I am not sure.	9/15/2020 11:55 AM
174	There were too many choices	9/15/2020 11:55 AM
175	I disliked the virtual learning. I found it a real struggle to attend the sessions and to find time to watch the recorded ones as something else at home was always interrupting. I much prefer the in person setting as it seperates all the distractions while attending.	9/15/2020 11:54 AM

190	I still enjoy in person conferences.	9/15/2020 7:22 AM
191	There was a ton of content and way to many time slots. Given the extend of the time, this much content could be expanded over a week. Also, I did like the idea that I could zoom in, what I still do not understand is the cost associated given each year our registration includes all meals.	9/15/2020 6:50 AM
192	N/a	9/14/2020 8:20 PM

194	Wish we could have met live!	9/14/2020 7:41 PM
195	Seemed a bit abstract. Not sure how to tie this framework in to my daily instruction/collaboration.	9/14/2020 7:29 PM

202	Not much ability to connect with others when i participated asynchronously.	9/13/2020 11:14 PM

213	As I stated above, some of the videos being unavailable was a little frustrating.	9/8/2020 6:22 PM
214	Not being in person to feel like you could connect with people.	9/6/2020 6:39 AM
215	Events got canceled, there were events that were just recordings of people, not live seminars. Not enough member interactions in sessions.	9/4/2020 2:40 PM
216	Pretty boring to just listen to presenters. Some sessions took a long time to view afterwards, or never were available.	9/4/2020 1:47 PM
217	not really anything	9/3/2020 11:43 AM
218	I wish I had better wifi at my cabin. I had a hard time maintaining connection - and was in and out of sessions.	9/3/2020 8:10 AM
219	I wish some of the courses recorded videos were posted faster.	9/2/2020 4:49 PM
220	Some of the speakers did not seem prepared. I know being on a new platform instead of live can be a challenge but some people were presenting from camp sites and did not seem 100% prepared.	9/2/2020 2:09 PM
221	Many events conflicting times, some unprepared presenters, presenter with very similar presentation in different topics.	9/2/2020 11:38 AM
222	nothing :) loved the virtual conference	9/1/2020 4:17 PM
223	Not enough content-specific training opportunities. Sessions seem to have become so general in nature. I miss when individual sessions used to be more specific to individual classes. There doesn't seem to be as many options for brainstorming, etc.	8/30/2020 12:48 PM

228	The app	8/25/2020 12:05 PM
229	It was virtual, some of the impact of in-person presenting was lacking.	8/24/2020 8:33 PM
230	Some of the sessions were less than helpful and some of the recordings were uploaded late and/or still haven't been uploaded.	8/24/2020 6:02 PM

## WA-ACTE Virtual Summer Conference 2020 Exit Ticket Evaluation

231	Anecdotal evidence in some topics that weren't backed by data.	8/24/2020 8:58 AM
232	I was overwhelmed and worn out after 7-8 hours each day staring at a computer	8/22/2020 3:54 PM
233	Anecdotal topics and irrelevant presenters	8/21/2020 9:54 PM
234	The Zoom issues and the multiple emails per day leading up to the conference. TOO much repeated information.	8/20/2020 6:38 PM
235	I wish the recordings were available sooner. Many of them started mid-session, but I know this was a challenge to try out this year. Great job!! :)	8/20/2020 4:43 PM
236	Virtual is tough for engaging participants.	8/20/2020 4:07 PM
237	I certainly like meeting in person and the collaboration and learning outside the sessions.	8/20/2020 3:31 PM
238	I had bandwidth issues	8/20/2020 2:16 PM
239	Having to wait so long for live streaming videos to be uploading to Whova and some sessions were not available to view.	8/20/2020 9:28 AM
240	none	8/19/2020 4:12 PM
241	I would like to see more detailed descriptions about the classes.	8/19/2020 2:39 PM
242	Some videos took weeks to be loaded.	8/19/2020 12:34 PM
243	Allow more time for live Q & A after sessions.	8/18/2020 7:09 PM
244	As someone brand new to CTE, I have no idea what all the acronyms are for the tracks --- I want an easy to access key for them.	8/18/2020 3:02 PM
245	The topics were not directly relevant to teaching high school biology	8/18/2020 11:48 AM
246	I didn't like how unsure I was that my clock hours were correctly being tracked. I also didn't like how I would try to go back and watch a class and the video wouldn't be there.	8/18/2020 9:48 AM
247	given the circumstances, I have to say nothing! It was really good!	8/17/2020 2:42 PM
248	Not all sessions were recorded and there were topics presented at the same time I wanted to be in.	8/17/2020 11:02 AM
249	No fault to anyone but virtual just isn't the same as in person	8/17/2020 10:54 AM
250	Unfortunately having to do it online	8/16/2020 4:20 PM
251	Being totally online. (I realize nothing could be done about that. )	8/16/2020 12:04 PM
252	Nothing	8/16/2020 7:56 AM
253	The lack of ability to collaborate and network in person. The inevitable problems with full online platform.	8/15/2020 8:52 PM
254	Nothing	8/15/2020 7:57 PM
255	None but my internet	8/15/2020 5:39 PM
256	Since instructors went right up to the bell, which was really appreciated....it might be nice to have office hours or a Q&A session with instructors presenting on pedagogy to allow for teachers, after processing ideas, to return at a later day and discuss thoughts.	8/14/2020 3:58 PM
257	It was said that all the sessions would be recorded and posted after their sessions aired. That was not true and I missed out on a lot of sessions I wanted to attend, but couldn't due to being in another session.	8/14/2020 1:22 PM
258	Needed more FACS workshops	8/14/2020 11:24 AM
259	I did not like that I had to be on live to view some of the sessions.	8/13/2020 6:50 PM
260	Several of the sessions I was looking forward to were cancelled.	8/13/2020 6:24 AM
261	The recorded sessions.	8/12/2020 1:01 PM
262	Got lost with all the emails.	8/12/2020 11:23 AM

263	Not enough info on approaches to teaching studio/shop classes through distance education.	8/12/2020 9:40 AM
264	Needed more breaks to stretch legs.	8/11/2020 5:18 PM
265	Nothing. I like the virtual conferences. It allows me to "attend" more sessions.	8/11/2020 3:24 PM
266	Some sessions didn't offer a recorded options or access to resources presented.	8/11/2020 3:20 PM
267	no breakfast!! :-D	8/11/2020 2:59 PM
268	Not having the face to face and collaboration with people	8/11/2020 1:02 PM
269	Inability to have 1:1 and small group live conversations	8/11/2020 12:41 PM
270	I experienced a lot of connection issues --- not on your end, but my wifi was unstable.	8/10/2020 9:18 PM
271	Waiting for the live-stream videos to get loaded. As of 8/9 there were still a lot missing.	8/10/2020 12:50 PM
272	That it wasn't live, not your fault!	8/10/2020 12:13 PM
273	not being able to be there in person this year	8/10/2020 12:13 PM
274	I did miss the face-to-face contact with regards to discussion and Q&A.	8/10/2020 11:51 AM
275	Lack of after hour social opportunities.	8/10/2020 8:30 AM

277	Not being in Spokane in person to see everyone!	8/9/2020 1:31 PM
278	The delay in time it took to upload the live sessions. I get why, but that's my biggest 'complaint'	8/9/2020 12:10 PM
279	Some of the technical difficulties.	8/8/2020 11:59 PM
280	That it was online	8/8/2020 10:03 PM
281	There were many conflicting sessions for me, but I was grateful for recording options.	8/8/2020 3:05 PM
282	Would like more Agriculture related workshops.	8/8/2020 11:05 AM
283	The most challenging piece was just the disconnect between watching the workshop and then having to make sure we submit the survey in the app. I wish the survey popped up on screen after we finished watching whether in the app or in our web browsers.	8/7/2020 10:08 PM
284	n/a	8/7/2020 7:16 PM
285	Not that I disliked anything. I had a ton going on right before the conference and at the beginning of the conference so I missed some workshops. I am hoping that I can watch the recordings soon.	8/7/2020 5:21 PM
286	Couldn't always find what I was looking for.	8/7/2020 5:01 PM

290	The polls during sessions would not show on my computer	8/7/2020 9:09 AM
291	Food could have been better (haha)...I had no dislikes about the conference.	8/7/2020 9:00 AM
292	I can't think of anything.	8/7/2020 8:07 AM

297	Not being able to mingle with colleagues from around the state.	8/6/2020 3:43 PM
298	Some of the website navigation - i couldn't figure out how to get an invitation code, but was able to figure out how to access the video anyway...	8/6/2020 2:45 PM
299	I missed the interaction and live presentation to ask questions	8/6/2020 1:49 PM
300	Sitting.	8/6/2020 1:08 PM
301	No information on photography. Some sessions didn't make their video or documents available. That should be required of presenters.	8/6/2020 1:00 PM
302	one presenter was not prepared (new, fresh, passionate) to nor sounded excited to present.	8/6/2020 12:30 PM
303	Some of the sessions were just recorded YouTube sessions. I wish that there was a section for just the live classes and a area for the prerecorded stuff. It would just help to find what to attend live.	8/6/2020 12:22 PM
304	I only have one minor dislike for me personally is that in the beginning the logistics was not clear for me.	8/6/2020 12:18 PM
305	ASL sessions had to use Zoom - not in the Whova app- in order to utilize the features required. It was complicated at first however we managed to figure it out. Great experience for our online learning model this fall!	8/6/2020 12:04 PM
306	The amount of true interactions	8/6/2020 11:57 AM

314	Doing it from home	8/6/2020 6:38 AM

316	I enjoyed every session.	8/5/2020 11:13 PM
317	just not being together	8/5/2020 10:54 PM
318	Confusing trying to view videos on pc.	8/5/2020 9:25 PM
319	Nothing to dislike	8/5/2020 9:13 PM
320	Not didn't like but just wish there was a way to check progress on clock hours to make sure it is working. That is my only worry. That come Sep 15 they may realize there was a lot of issues and Whova wasn't keeping track. More worried about the ones I watched at a later time	8/5/2020 8:46 PM
321	Not being together	8/5/2020 8:02 PM
322	Some of the presenters	8/5/2020 7:52 PM
323	Not a lot of opportunity to network.	8/5/2020 7:49 PM
324	Nothing comes to mind, except maybe seeing faces of people I know and getting to talk with them.	8/5/2020 7:30 PM
325	Online. 😞	8/5/2020 7:23 PM
326	I can't recall anything I didn't like. Of course, it doesn't compare to a live, on-site conference. I miss the social interactions, in-person networking, good food, vendor tables, and free stuff.	8/5/2020 7:11 PM
327	Not all sessions were recorded	8/5/2020 6:19 PM

334	The cost of the conference. I had difficult time with my technology devices. I got bounced off of my phone when live streaming, but my chromebooks would not allow me to download the whova app. My desktop was ok to use.	8/5/2020 4:52 PM

361	It is never easy to find where to download presentations at the beginning. It could be more user-friendly.	8/5/2020 2:22 PM
362	Having moved here from another state and only teaching in WA for 3 years, I miss the physical networking and the discussions that happened in the halls, at tables before the secession, and the variety of people that I would end up sitting at a table with for lunch.	8/5/2020 2:13 PM

ability to "get into" the conference and talk to others/speakers Also, just looking at the agenda it was difficult to see what was available and when it was available to try and manage schedules.

395	No time between sessions for breaks. a couple of the speakers. A way to re rate a session after you rate it.	8/5/2020 1:00 PM
396	Wait time to gain access to recordings of live sessions.	8/5/2020 1:00 PM
397	The Whova app was difficult to work with Zoom. The sound and work-ability of groups and comments/questions was severely limited by how someone logged in.	8/5/2020 12:58 PM
398	Sometimes the ways to get to a session was difficult.	8/5/2020 12:58 PM
399	Of course not seeing folks face to face.	8/5/2020 12:57 PM
400	So tech issues, but you worked through them very gracefully.	8/5/2020 12:56 PM

408	I don't have any complaints!	8/5/2020 12:50 PM
409	The luncheon	8/5/2020 12:49 PM
410	Not being able to collaborate with others in person, nothing we can do about that.	8/5/2020 12:49 PM
411	That we couldn't be in person (i need the structure of in person sessions, just like our students). I know that it was not possible though.	8/5/2020 12:49 PM
412	This is no ones fault. I teach electronics & computer maintenance. Their wasn't much for me regarding those courses. I didn't download the Whova app to my phone. I didn't feel comfortable with that. I would have liked to have the same functionality that the phone app has when using a PC.	8/5/2020 12:49 PM
413	Many presenters said "umm" so many times it was mind numbing.	8/5/2020 12:48 PM
414	The Whova App when you went to join a session didn't give you the same abilities as when you join via Zoom. I was trying to stay in the app but needed to be able to control the zoom features. Often had both up which made things confusing :(	8/5/2020 12:47 PM
415	I wouldn't say I disliked it. Of course we miss the interaction with one another but I thought you did a good job of offering different opportunities for us to try to do so virtually. The only other thing I can think of is a way for us to track on the app what we are receiving credit for attending.	8/5/2020 12:47 PM

420	There wasn't anything that I disliked. I did; however, miss all the wonderful food and snacks provided throughout the day:)	8/5/2020 12:44 PM

442	Tech issues - but that will get better with experience	8/5/2020 12:36 PM
443	Zoom kept frozen and hard to see everyone signing.	8/5/2020 12:36 PM
444	Honestly just my personal learning curve with the app.	8/5/2020 12:36 PM
445	No being able to connect and network face to face.	8/5/2020 12:35 PM
446	Zoom and Whova didn't function together as planned. I really disliked being in the ASL section and trying to see who was communicating; grid view left the participants too small to see and presenter view only allowed one person to be viewed (didn't change the screen like when a person uses their voice so part of the conversation was totally missed). Most of the ASL sessions were not STEM, however there were English sessions with very similar content that were STEM, consistency would be nice.	8/5/2020 12:35 PM
447	Nothing	8/5/2020 12:35 PM
448	Sometimes it was hard to go to all the live presentations that I wanted to. I have 2 different CTE disciplines and so there was workshop over lap. I may go back to watch some recorded workshops later.	8/5/2020 12:35 PM
449	Nothing. I have not been able to attend in the past but was able to attend this year since it was	8/5/2020 12:34 PM

	online. Able to go on vacation and attend 25+ workshops.	
450	Missed the people interaction and meeting new people teaching the same subject	8/5/2020 12:34 PM
451	many sessions did not have a class for my needs or wants. needing to track my own clock hours.	8/5/2020 12:33 PM
452	N/A	8/5/2020 12:33 PM
453	The tech was choppy and many facilitators didn't know how to use tech. Also, zoom features didn't work always in the whova app like breakout rooms.	8/5/2020 12:33 PM
454	I need a session of CTE for rookies. I have been an elementary teacher my whole career and really feel like a fish out of water when listening to some of the presenters. While they were great presenters it was a struggle for me to understand the content of the presentations.	8/5/2020 12:33 PM
455	The number of OSPI breakouts. I was only able to attend about 25%, but would have benefited from others; perhaps consolidation would be helpful in some areas, or spread out across multiple days.	8/5/2020 12:33 PM
456	Nothing that I can think of at this time.	8/5/2020 12:32 PM
457	Loved it	8/5/2020 12:32 PM
458	I would have liked to have had all the recorded sessions marked clearly as recorded and had them available at the same time. I used my laptop for a bigger viewing screen but the Whova app appearance is different on the phone. I think some of the features are missing on the desktop version.	8/5/2020 12:32 PM
459	Not seeing all my friend I have made all over the state	8/5/2020 12:32 PM
460	The conference didn't seem to adjust time once it went digital. There was still hour and half offerings for 15 min presentations.	8/5/2020 12:31 PM
461	Some of the written descriptions were good but could have given more details on specific topics. Some sessions were more vague than others.	8/5/2020 12:31 PM
462	Emails for details and answers to questions collated instead of a dozen or more.	8/5/2020 12:31 PM
463	Always good to make personal contact.	8/5/2020 12:31 PM
464	Nothing. Well. Sore butt.	8/5/2020 12:31 PM
465	Struggles with communicating in ASL via 2D mode	8/5/2020 12:31 PM
466	Hard that all OSPI sessions were live and at same time.	8/5/2020 12:31 PM
467	nothing	8/5/2020 12:31 PM
468	I miss meeting with people in person and being able to develop those more personalized connections that are just really difficult to do via virtual meetings.	8/5/2020 12:31 PM
469	I can't think of anything.	8/5/2020 12:31 PM
470	I really don't like webinars too much. Sitting in front of a computer is hard for me.	8/5/2020 12:31 PM
471	I would say that in person is so much more exciting and fun, but given the circumstances this was a great alternative.	8/5/2020 12:31 PM
472	Just missing seeing people face to face, but this is a close 2nd. :)	8/5/2020 12:30 PM
473	confusion with APP links vs. actual ZOOM links.	8/5/2020 12:30 PM
474	The Q & A sections did not always get answers for the questions posed.	8/5/2020 12:30 PM
475	Sound of live sessions.... Very bad on each, break up a lot of vocal words!	8/5/2020 12:30 PM
476	Meetings weren't all in zoom. I had to download 2 other programs to watch presentations.	8/5/2020 12:30 PM
477	Soooo much overlap on Monday's OSPI trainings	8/5/2020 12:29 PM
478	Zoom meeting, wish we could meet in the person. Darn COVID-19 :)	8/5/2020 12:29 PM
479	There were some sessions I didn't find relevant for what I teach because I teach only one CTE	8/5/2020 12:29 PM

	course-yearbook-so some of the sessions were a little mundane for me.	
480	N/A	8/5/2020 12:29 PM
481	Sometimes my audio was poor, but for the most part it was good.	8/5/2020 12:29 PM
482	Some of the video tech was wonky -- video and audio quality. But overall amazing work with pulling off an all virtual conference.	8/5/2020 12:29 PM
483	I still don't know if I did what I was supposed to do for earning clock hours. I changed my name for every zoom, and I tried to leave a comment on every zoom session, and I completed surveys for every session. What exactly was the expectation? I didn't think there were enough practical/helpful sessions for the average teacher. Especially on Wednesday. There were very few (or no?) project ideas for me, as an engineering teacher. There were very few practical classroom management ideas for me.	8/5/2020 12:29 PM
484	Missed my dear colleagues in person, but appreciated this format much more than I ever thought I would! This was one of the best conferences I have ever attended.	8/5/2020 12:28 PM
485	Really missed the personal interaction and social connections that just can't be replicated on line	8/5/2020 12:28 PM
486	Technology issues	8/5/2020 12:28 PM
487	Not having the face to face contact.	8/5/2020 12:28 PM
488	Would rather meet in person but understand the circumstances.	8/5/2020 12:28 PM
489	Nothing	8/5/2020 12:28 PM
490	Not seeing everyone in person.	8/5/2020 12:28 PM
491	Nothing	8/5/2020 12:28 PM
492	Too long of structures day. Half day of live events with optional recorded events in the afternoon would work better.	8/5/2020 12:28 PM
493	Being that it was virtual, I was unable to make as many connections with other advisors and teachers. I am a brand new CTE instructor starting a brand new Health Science program. I definitely need a bit more help right now than I feel like I have been provided so far.	8/5/2020 12:27 PM
494	I missed networking.	8/5/2020 12:27 PM
495	Difficult to monitor all handouts.	8/5/2020 12:27 PM
496	Some of the content was not relevant to my needs	8/5/2020 12:27 PM
497	Nothing.	8/5/2020 12:27 PM
498	Many of the OSPI presenters were NOT Zoom savvy (sharing screens, muting all participants, etc.) and some had horrible PPT skills (slides were filled with sentences and they read the slides).	8/5/2020 12:27 PM
499	my butt was a little tired. I need to balance my time better.	8/5/2020 12:27 PM
500	That we were not able to get together in person at events like the WASTS BBQ. It gives me a better understanding how important social interaction is that our students will be missing.	8/5/2020 12:26 PM
501	N/A	8/5/2020 12:26 PM
502	Nothing.	8/5/2020 12:26 PM
503	Would have preferred to see the OSPI sessions spread out over the course of a day(s) instead of multiple OSPI sessions offered simultaneously.	8/5/2020 12:26 PM
504	Can not think of anything.	8/5/2020 12:26 PM
505	Not much to dislike...other than obvious of not being able to see each other in person!	8/5/2020 12:26 PM
506	Nothing.	8/5/2020 12:26 PM
507	There were some social and collaborative aspects that I missed.	8/5/2020 12:26 PM

508	all good considering the circumstances . Well done	8/5/2020 12:26 PM
509	not being in person	8/5/2020 12:26 PM
510	Not being able to talk and engage with colleagues. Going out to dinner at the end of the day.	8/5/2020 12:26 PM
511	Good/Bad Heaps to choose from making the choice on which sessions to attend was difficult.	8/5/2020 12:25 PM

515	Nothing	8/5/2020 12:25 PM
516	Personal interaction. Casualty of the process.	8/5/2020 12:25 PM
517	Its always a bit overwhelming with lots of info, but that is good in the long run.	8/5/2020 12:25 PM
518	Nothing	8/5/2020 12:25 PM
519	Lack of options on Monday sessions	8/5/2020 12:25 PM

521	Not being with people.	8/5/2020 12:25 PM
522	Being and organizer having to upload videos to YouTube	8/5/2020 12:24 PM
523	Nobody is faulted for Zoom. But some of the topic descriptions from the sessions did not seem to align with what was actually delivered.	8/5/2020 12:24 PM
524	not enough interaction	8/5/2020 12:24 PM
525	no issues	8/5/2020 12:24 PM

528	The only thing that was beyond your control.....not being able meet and interact face to face.	8/5/2020 12:23 PM
529	Nothing	8/5/2020 12:23 PM
530	not being with others	8/5/2020 12:23 PM
531	Zoom integration was poor. Turn around time is pretty long for live to on-demand (still waiting on sessions from Sunday to be made on demand)	8/5/2020 12:22 PM
532	I can't think of anything.	8/5/2020 12:22 PM
533	Some sessions were not what I thought, so a few times I was entering and exiting. I am not sure how those will count for clock hours.	8/5/2020 12:22 PM
534	The personal interaction and collaboration.	8/5/2020 12:22 PM
535	Sometimes I was expecting more information prior to a session, though all information gained during the sessions was useful.	8/5/2020 12:22 PM
536	Nothing you can control, but I do miss meeting people in person.	8/5/2020 12:22 PM
537	Having to use the app not my laptop for certain things.	8/5/2020 12:22 PM
538	Naturally there aren't as many sessions available as the Conference in person, but just having a wider variety of CTE support and teaching skills.	8/5/2020 12:21 PM
539	not enough recorded sessions	8/5/2020 12:21 PM
540	I disliked the lack of practice of the platform prior to the start of the conference. I believe there may be issues with counting clock hours with presenters that didn't do their work through Whova or Zoom (they used a different zoom conference).	8/5/2020 12:21 PM
541	Not enough relevant content to my teaching	8/5/2020 12:20 PM

WA-ACTE Virtual Summer Conference 2020 Exit Ticket Evaluation

542	The delay in the recorded videos being uploaded. I understand they had to be captioned but it would've been nice to upload the non captioned shortly after the session ended and then replace with the captions afterwards.	8/5/2020 12:20 PM
543	Some of the technical glitches. Part of the learning curve.	8/5/2020 12:20 PM
544	The inconsistency was a minor inconvenience. Some were set to mute when I logged in, others weren't. I forgot to double check one today and awkwardly kept (unknowingly) interrupting the speaker with random noise from my house.	8/5/2020 12:20 PM
545	Some technical glitches were at times frustrating	8/5/2020 12:20 PM
546	not much	8/5/2020 12:20 PM
547	Too many concurrent sessions	8/5/2020 12:20 PM
548	Enjoy the collaboration with colleagues outside of session	8/5/2020 12:20 PM
549	All was good	8/5/2020 12:20 PM
550	some sessions were back to back. A 10 to 15 minute gap between sessions would be ideal	8/5/2020 12:19 PM
551	Using the Whoova app. Even though it went well it just seemed kluged together between zoom and Whoova. Also it seemed there were presenters who didn't know their session length a couple of 2 hours sessions went only 1 hour. While I liked the virtual nature I really miss the Face to face. You loose so much in a virtual nature. Also I fear that districts will push for more virtual conf. attendance to save money which will kill the network compoment.	8/5/2020 12:19 PM
552	Not being together in person, but it was done very well.	8/5/2020 12:19 PM
553	Just that its during the day in early august.....battles other things in life! :)	8/5/2020 12:19 PM
554	The on-line (I have a Social Personality)	8/5/2020 12:19 PM
555	some of the features in Whova app did not always work. Majority of the time I couldn't change the participant name --kept booting me out (felt sorry for the facilitator) but overall very smooth and appreciated all the hard work	8/5/2020 12:19 PM
556	I missed seeing people in person	8/5/2020 12:18 PM
557	N/A	8/5/2020 12:18 PM
558	Missing the people	8/5/2020 12:17 PM
559	As a person of color, I left a few sessions were I heard offense remarks about why would offer lessons in different languages, kids of color not performing well do to poor parenting, lack of motivation and role models.... presenters pitching a fee based program that someone they know sells.. not appropriate.	8/5/2020 12:17 PM
560	Really missed the person to person contact with a live conference.	8/5/2020 12:17 PM
561	Should have had scheduled sessions by area of study, in addition, in evenings, for "dinner discussions" in moderate size groups, self-selected, maybe 12 - 30 people	8/5/2020 12:17 PM
562	Wanted more strategies for teaching Financial Lit though I do appreciate the presentation from vendors.	8/5/2020 12:17 PM
563	not meeting face to face	8/5/2020 12:17 PM
564	Not much	8/5/2020 12:17 PM
565	none	8/5/2020 12:16 PM
566	That it started on a Sunday	8/5/2020 12:16 PM
567	NA—it was great.	8/5/2020 12:16 PM
568	Some presenters were not prepared to deliver online content.	8/5/2020 12:16 PM
569	With online instruction planned for the fall in my district, I would like to see some better online instructional methods modeled in the sessions. Instead, they were all just a speaker (often excellent) with occasional comments made.	8/5/2020 12:16 PM

WA-ACTE Virtual Summer Conference 2020 Exit Ticket Evaluation

570	The remote style was not ideal although it was necessary given the situation. Not enough subject specific sessions. Some sessions got repetitive. More solutions than just outlining the problem from some speakers.	8/5/2020 12:16 PM
571	Nothing	8/5/2020 12:15 PM
572	Nothing.	8/5/2020 12:15 PM
573	Not being with people in person	8/5/2020 12:15 PM
574	I prefer to network in person. The day was long to be online for that long day after day, but we could take a break and go back later.	8/5/2020 12:15 PM
575	Whoova App: all the notifications from the Whoova App and how to track them	8/5/2020 12:15 PM
576	I miss my real time with my buds	8/5/2020 12:14 PM
577	Zoom links were often missing on some workshops so they had to be shared in the Q & A section	8/5/2020 12:14 PM
578	Technical difficulties	8/5/2020 12:14 PM
579	Some of the descriptions of the sessions weren't clear enough. I found myself attending some sessions that really didn't match up with what I had expected them to be about.	8/5/2020 12:14 PM
580	Need to figure out how to apply my learning.	8/5/2020 12:12 PM
581	Liked it all	8/5/2020 12:10 PM
582	Nothing	8/5/2020 12:10 PM
583	I would like to have had the opportunity to participate in more sessions focused on how to engage students online - especially for the classes we teach that are more heavily focused on in person instruction - i.e. pottery, welding classes, etc.	8/5/2020 12:10 PM
584	I liked the convenience.	8/5/2020 12:09 PM
585	Minor, but some of the struggles with the technology. That is a non-point gripe.	8/5/2020 12:08 PM
586	A lot of sessions to try to interact with	8/5/2020 12:07 PM
587	Tough to be at home and get into tbe love sessions.	8/5/2020 12:07 PM
588	Some of the lag in media streaming. Maybe YouTube live stream for the more media-based presentations next year?	8/5/2020 12:06 PM
589	Not being in person. ;=-)	8/5/2020 12:06 PM
590	Not meeting in person!	8/5/2020 12:06 PM
591	At times I struggle with virtual "stuff" and would like to be able to be more hybrid or face-to-face.	8/5/2020 12:06 PM
592	Dislike the virtual only option, but know that is not fault of WACTE	8/5/2020 12:05 PM
593	As we are moving into online learning, teachers and courses that are hard to do online did not represent well. Welding, small engines, woodworking, metals, culinary etc	8/5/2020 12:05 PM
594	NA...I did miss the coffee station :)	8/5/2020 12:05 PM
595	Not being able to readily access session I may have missed because they weren't available.	8/5/2020 12:04 PM
596	Not a dislike, speakers are still learning how to present in this environment.	8/5/2020 12:03 PM
597	Some live streams were not recorded to be able to review or it crossed over during another live session and had to make a choice which session to watch.	8/5/2020 12:02 PM
598	Seemed unorganized.	8/5/2020 12:01 PM
599	Virtual. I miss talking and discussing what other teachers are doing in their classrooms.	8/5/2020 12:01 PM
600	No time for meeting peers across the state f2f	8/5/2020 12:01 PM
601	Nothing. Well done!	8/5/2020 12:01 PM

602	My school district held multiple meetings during conference time. I was not able to attend as many sessions as I wanted. I also missed the conversations with other people.	8/5/2020 12:00 PM
603	Lack of social interaction.	8/5/2020 12:00 PM
604	I would have liked to see more Tech hands on materials, ie running laser engraver, CnC, 3D printers etc.	8/5/2020 12:00 PM
605	not enough time for social networking.	8/5/2020 12:00 PM
606	Too many Virtual meetings in one day is very tiring and hard to take in.	8/5/2020 11:59 AM
607	How long it takes to be able to see videos for sessions after the fact.	8/5/2020 11:59 AM
608	live sessions; prerecorded would be smoother, more professional, and able to be done on our schedule	8/5/2020 11:59 AM
609	The app had some limitations, but heck, could any of this have been possible 10-15 years ago? No way!	8/5/2020 11:59 AM
610	Having multiple platforms required for viewing. Some work well with one type of device but not another. I had to keep switching from my laptop to my iPad.	8/5/2020 11:59 AM
611	I would have liked to network and meet people. It is hard to do virtually in large groups	8/5/2020 11:59 AM
612	Couldn't be there in person with everyone. That is part of the excitement	8/5/2020 11:58 AM
613	Lack of CTE ideas for hands on project which could be done with online education.	8/5/2020 11:57 AM
614	Not a ton of options and some presenters were not ready.	8/5/2020 11:56 AM
615	I miss seeing people in person! I miss the in person meet ups for breakfast and dinner.	8/5/2020 11:56 AM

622	Lack of interpersonal relations.	8/5/2020 11:53 AM
623	All the sessions don't seem to be recorded. If it's known which were recorded and which wouldn't be I would have made different watching decisions. Missed seeing my friends this year.	8/5/2020 11:53 AM

Suggestion: I watched some videos on my iPad through The Whova app. When I watched the recorded sessions it would go to the YouTube video. But when I wanted to go back, I had to entirely close the app and then go back in. Not sure if that can be fixed or if there was a fix I didn't find, but it was a little annoying. I can't think of anything else	8/5/2020 12:39 PM

434	I thought you did an excellent job. Crowdcast was used by everfi and it eliminated the possibility of people to interrupt speakers by not realizing their audio was on! For the sessions that are not interactive but presentation only this might be an option.	8/5/2020 12:39 PM

446	When in an ASL session and everyone is using ASL, there needs to be a way to track who is communicating. Zoom will go to who is speaking but it doesn't follow who is signing. Having interpreters pinned before presentations and training for presenters on how to use the interpreters would be helpful.	8/5/2020 12:35 PM
447	none	8/5/2020 12:35 PM

454	I thought the conference was well organized. Maybe a recommendation sheet for us (me) that is new to the CTE world and as a director a recommendation of sessions to attend.	8/5/2020 12:33 PM
455	Perhaps the ability to have in-person and/or remote (hybrid) in some cases. With COVID-19 it can sometimes be a challenge to focus when interrupted.	8/5/2020 12:33 PM
456	For a new and improved virtual conference, it went wonderful for me, my needs and interests. Big thanks!	8/5/2020 12:32 PM
457	No suggestions	8/5/2020 12:32 PM
458	Having recordings ready before the start of the conference.	8/5/2020 12:32 PM
459	coffee for all	8/5/2020 12:32 PM
460	Under the circumstances things were great!	8/5/2020 12:31 PM
461	Make sure presenters outline the main topics or learning targets.	8/5/2020 12:31 PM
462	Since this is the first online, I think most of the improvements will be looked at and improved.	8/5/2020 12:31 PM
463	Make this online format accessible to those that may not be able to physically make it in the future.	8/5/2020 12:31 PM
464	None	8/5/2020 12:31 PM
465	Opportunity for ASL group to meet in person instead of virtually.	8/5/2020 12:31 PM
466	Spread out OSPI sessions, hard for directors	8/5/2020 12:31 PM
467	Hybrid conference going forward that is kept on-line for a few weeks.	8/5/2020 12:31 PM
468	I like the idea of a hybrid conference.	8/5/2020 12:31 PM
469	My answer is related to question #12, below... Face-to-Face is nice in some instances, but by being virtual it made it possible to attend more sessions. In a perfect world there would be a virtual opportunity with the possibility of a face-to-face follow-up for some sessions in the not too distant future, after we've had the opportunity to apply/implement what we've learned.	8/5/2020 12:31 PM
470	? I would prefer to have face to face and hands on sessions. Whether that is going to be possible is anyones guess!	8/5/2020 12:31 PM
471	If face to face maybe have the online portion for the sessions of interest that overlap.	8/5/2020 12:31 PM
472	Just a little confusing with people that weren't through the whova app but it got taken care of in the end but just a one time and confused a few people.	8/5/2020 12:30 PM
473	You really did a phenomenal job considering the circumstances. Thank you!	8/5/2020 12:30 PM
474	Email before it begins with a how-to attend guide. Also Robotics and Drones are new under engineering in CTE, it would have been nice to see some sessions offered.	8/5/2020 12:30 PM
475	Figure out how we can get presenters with stronger Wifi signals to eliminate a lot of the "gargle", bad, in coherent sound....	8/5/2020 12:30 PM
476	I know it would be hard to do but quicker turn around for live streaming to recorded.	8/5/2020 12:30 PM
477	More sessions with "work sessions" where Participants can interact	8/5/2020 12:29 PM
478	I always impressed how WA-ACTE being organized.	8/5/2020 12:29 PM
479	I like technology courses. One year I attended the conference and learned all about Adobe. That was the best CTE conference I have attended because it was very relevant and practical for me. If we could have something like that in the future for people like me who teach photography/yearbook type of courses, that would be great.	8/5/2020 12:29 PM

## WA-ACTE Virtual Summer Conference 2020 Exit Ticket Evaluation

482	I would like more Visual Arts, Photography, Video Production and Graphic Design representation. Even a teacher roundtable for teachers in these content areas.	8/5/2020 12:29 PM
483	Have a streamlined method for earning clock hours. Make sure that every session is filmed on Youtube ahead of time so we can manage conflicting session times. Get more sessions about practical teaching. Like this: "How to get the kids to make portfolios, How to teach circuit design in high school, 20 tech ideas for 2020" stuff like that.	8/5/2020 12:29 PM
484	Continue to offer this format.	8/5/2020 12:28 PM
485	Great job for virtual!	8/5/2020 12:28 PM
486	I think WA-ACTE did a great job in light of the current pandemic.	8/5/2020 12:28 PM
487	I think you all did a fantastic job given the situation. Well done!	8/5/2020 12:28 PM
488	No comment at this time.	8/5/2020 12:28 PM
489	I wouldn't change anything.	8/5/2020 12:28 PM
490	Not taking away from summer weekends...	8/5/2020 12:28 PM
491	None	8/5/2020 12:28 PM
492	I hope we can get to at least a hybrid model. Possibly just CTE Directors who are willing to travel? With others signing in virtually.	8/5/2020 12:28 PM
493	Hopefully we can get back to in person next year, but maybe having the option of recording sessions so that we can watch others at a later time as well?	8/5/2020 12:27 PM
494	I loved being able to access from home and be with my kids as they needed me and know sessions are recorded to watch later.	8/5/2020 12:27 PM
495	Keep the recorded sessions. You always miss some sessions you want to attend.	8/5/2020 12:27 PM
496	I really enjoy take-aways	8/5/2020 12:27 PM
497	None.	8/5/2020 12:27 PM
498	For speakers from OSPI who might not usually be a presenter in an online format, maybe provide a practice session and some professional development for using Zoom & using PPT.	8/5/2020 12:27 PM
499	I would love some sessions that are .. DO.. example make an online teacher google site. show 10 minutes.. we work 10 minutes... etc. Session like NEarpod,	8/5/2020 12:27 PM
500	I can't think of any right now.	8/5/2020 12:26 PM
501	This year was a great foundation should the conference need to be online next year. While the presenters and hosts did an amazing job, recruitment for new faces should be emphasized.	8/5/2020 12:26 PM
502	Courses were not immediately uploaded as recorded.	8/5/2020 12:26 PM
503	See #10	8/5/2020 12:26 PM
504	Maybe have more breakout room sessions.	8/5/2020 12:26 PM
505	Hosts should control video and audio when signing in...then give people option to turn on if desired (keeps stray audio or visual distractions at bay)	8/5/2020 12:26 PM
506	Nothing...it was excellent.	8/5/2020 12:26 PM
507	I like the idea of being able to go in person for a day or two and do the rest online. it limits time away from my family.	8/5/2020 12:26 PM
508	Practice, practice, practice	8/5/2020 12:26 PM
509	safe the information	8/5/2020 12:26 PM
510	I would like to see more information on Health Science and becoming a Certified Nursing Assistant	8/5/2020 12:26 PM
511	It was difficult having presenters on many difficult mediums from Teams, Zoom, and Cisco was not always easy to find links to join.	8/5/2020 12:25 PM

532	Maybe if we could have some teachers do demos. That would be cool.	8/5/2020 12:22 PM
533	It was great. I am sure this first experience will provide a lot of feedback to make it even better.	8/5/2020 12:22 PM
534	Under the virtual environment: nothing.	8/5/2020 12:22 PM
535	Clearer indication of pre-recorded sessions, live only sessions, and sessions that will be posted later.	8/5/2020 12:22 PM
536	More FACs sessions, especially around Early Childhood Education.	8/5/2020 12:22 PM
537	Being able to access all conference needs on a laptop.	8/5/2020 12:22 PM

539	keep on keeping on	8/5/2020 12:21 PM
540	Require presenters to use the same video platform.	8/5/2020 12:21 PM
541	more relevant content for shop classes	8/5/2020 12:20 PM
542	Better interface. The Whova app was clunky and hard to view zooms. I used a different interface for DECA called Sched which was way easier to use and navigate.	8/5/2020 12:20 PM
543	Continued technology improvements.	8/5/2020 12:20 PM
544	Less emails leading up to and during the conference. It was confusing and overwhelming trying to figure out which ones I needed to read and which were repeats. It was also a little confusing with all of the schedule updates, but since I can watch later its not a big deal.	8/5/2020 12:20 PM
545	More instructional sessions on how to teach remotely and engage students. Also how to set up	8/5/2020 12:20 PM

557	In the future, when we go back to in person conferences, I would love to see these sessions recorded as well so that I am able to view the great content after as well (it is overwhelming trying to write down/pick up all content delivered in a few days when in person).	8/5/2020 12:18 PM

## WA-ACTE Virtual Summer Conference 2020 Exit Ticket Evaluation

611	This was my first WA-ACTE conference and I felt it was really good. I liked the prerecorded videos.	8/5/2020 11:59 AM
612	We'll have to wait and see what the future of COVID-19 brings	8/5/2020 11:58 AM
613	Keep improving the online version.	8/5/2020 11:57 AM
614	Keep going!	8/5/2020 11:56 AM
615	I think having the record option for future conferences would be awesome. That way I don't feel bad choosing between ones I want to see that happen at the same time.	8/5/2020 11:56 AM
616	Have one-two live session for each hour and the other sessions pre-recorded.	8/5/2020 11:55 AM
617	Would like to see both virtual and live in person sessions offered if possible.	8/5/2020 11:55 AM
618	I would like to see a rolling clock hours accumulated if we have to do this online again. I hope that I am getting credit for all my sessions tuned into.	8/5/2020 11:55 AM
619	Consideration of virtual again? More people can attend or having as an option as there is nothing better than in-person...most realize that fully now.	8/5/2020 11:55 AM
620	If this format continues we will all be better at the technology piece. Having presenters run through their slideshows and presentations prior to going on would be helpful somehow. A lot of the sessions were delayed a few minutes just trying to get everything working. It gave me some perspective as to what this coming year will be like.	8/5/2020 11:54 AM
