1. General Thoughts:

There is a lot of positive change headed our way in CTE overall and with our partners as new faces join them and us in our work. If you were able to be at the Fall Conference last month you heard from Superintendent Reykdal on a vision for education and CTE. I invite you to check out his speech at this link ().

Your officer team and staff continue to serve you as we all get ready for the holiday season. Officers and I along with 30+ folks from Washington will be attending the ACTE VISIONS Conference in Phoenix in early December.

2. Strategic Plan Activities:

The Legislative Session is fast approaching, Jesse and I have been working with those folks who have been attending our Leg Group zooms to try and finalize an agreed upon ask for CTE Funding that will receive support from WACTA and our sections. This will be shared in greater detail at the board meeting.

3. Matters of Interest:

With all that is happening in CTE, Dual Credits, WBL and other initiatives we are seeking to find ways that the association can assist in connecting them with industry partners leading to quality work experience activities for interested students.

4. Executive Committee Activities:

The Exec Comm continues to meet regularly, typically weekly, to discuss topics that are timely and provide advice to staff.
