1. General Thoughts:

Extremely proud of Summer Conference, as we took steps in registration and content, so that all attendees felt a sense of belonging. The DEI strand was well attended as well as the Leadership items, to summer conference, have simplified dietary requests, and have added a choice pronoun process to our optional name tag sticker system. We so appreciate the dedication of our staff and the presenters.

2. Strategic Plan Activities:

Continue our DEI work and systems at Fall Conference.

3. Matters of Interest:

I plan to continue to advocate for 6th grade CTE, if the middle school already has 7th and 8th grade CTE.

4. Executive Committee Activities:

In my role as past-president – I will support Jodi and Ross.
