1. General Thoughts:

Everyday is a new day and often an adventure, life's been exhausting in all areas but I continue to see how life will get better because of new ways to do things like super-efficient take-out food from my favorite restaurants and way better digitized lessons for my subs!

2. Strategic Plan Activities:

Planning for Legislative activities and regular meetings starting Jan 13. Helping Subsections with guidance for their PD. Promotional Videos will soon be available for WA-ACTE. Executive Board Trainings will continue with "Working Genius" thru the Patrick Lencioni – Table Group.

3. Matters of Interest:

Seven new video shorts (30 seconds) will be available for WA-ACTE in February to help promote CTE. Legislative team is working to get funding back for CTSO's that were cut out by the Governor after the pandemic started and the budget was stripped to prepare for a lean fiscal year.

4. Executive Committee Activities:

Regular Tuesday meetings all year have kept the EC connected and working to improve All things WA-ACTE. PD, Legislative and Promotion of WA-ACTE.
