This year's WA-ACTE Summer Conference, co-hosted by Washington ACTE and the Office of Superintendent of Public Instruction, will focus on the ongoing high-quality CTE initiatives that applies best practices, innovation, integration, and implementation of Career Connected Learning through CTE. Presentations and sessions will focus on the twelve elements defining high-quality CTE as identified by ACTE's High-Quality CTE initiative. The purpose of Summer Conference is the same as in years past, "to improve learning for educators and students." This is an interactive conference designed to engage individual educators, schools, and community members to implement quality CTE programs for student success.

Scholarship Opportunity for CTE Students
The Horatio Alger Association is now accepting student applications for its career and technical scholarships until June 15. This year, the association will award 1,020 new CTE scholars to pursue their academic programs at community colleges and nonprofit institutions with a maximum award amount of $2,500 depending on the length of program and need of the student.

Every Dream has a Journey. Every Career has a Path. We understand that career paths are as varied as the students choosing them. Our CTE scholarships are available to children of U.S. Marines and Navy Corpsmen looking to join the ranks of those on the cutting edge of today's workforce. Applications are open, check eligibility requirements today!

We are holding a student driven social media competition to drive Microsoft certification awareness. The details are below in written format and our marketing team did a great job on the promotional video! Could you please send this out through your channels?

"Hey Washington Educators! We have some exciting news to help get your students motivated for Microsoft certification! CCI Learning is hosting a competition, starting now, your students can enter to win a FREE pizza party for your class and (4) movie tickets for them to share with their friends. All they have to do is:

1. Earn a MOS or MTA certification.
2. Take a picture/video of them with their certification.
3. Post it on social media and tag @ccilearning.

Simple as that! The deadline to enter is May 17th at 11:59 pm. A winner will be selected at random and announced on May 24th. Please share this promotional video with your students and let’s get them certified!"

The Harbor Freight Tools for Schools 2019 Prize for Teaching Excellence launched in 2017, recognizes outstanding skilled trades teachers and programs in public high schools in the United States. Like the skilled trades, the prize application requires hard work, time and a commitment to excellence. In 2019, Harbor Freight Tools for Schools will award over $1 million in prizes overall: There will be three first-place prize awards of $100,000, with $70,000 going to the public high school skilled trades program and $30,000 going to the eligible individual skilled trades teacher or teacher teams behind the winning application. Fifteen second-place winners will each be awarded $50,000, with $35,000 to the public high school program and $15,000 to the eligible teacher or teacher team. Applications close June 17.

Exciting news from Kitti Wheeler, Marketing Teacher, Clover Park High School!

This is the 5th year of my marketing/DECA program at CPHS. We opened our student store last year. This year we qualified for the DECA International Career Development Conference in Orlando. My students competed in the Student Based Enterprise Event – Food (Student Store) against 250 schools. Our school is 90% free/reduced lunch and very diverse. This was a huge accomplishment!

It gets better ....... We finished in the TOP 10! I’ve attached some pictures from the DECA International Career Development Conference in Orlando last week. Briana Ramey, Vianeeey Titla-Palalia, and Eunice Magana looked amazing in their DECA blazers. We also received Gold Level Certification for our store operations.

I don’t have the words to describe the experience of watching my students on stage in front of 20,000 people twice. Proud doesn’t begin to explain how I’m feeling. It still feels like a dream.

My students were amazing, it was an awesome experience for us all.

**High-schooler builds tiny home to live in** (Castle Rock)
A student at a Washington State high school began building a 220-square-foot tiny home as part of an advanced fabrication class. She said she expects to finish the home, which she plans to live in, by the time she graduates.

---

**District places priority on CTE** (Auburn)
A Washington State school district offers 20 career and technical education programs, including sports medicine, construction, cosmetology and automotive technology. Educators say there is high demand among employers for CTE students.
