2024 Region V Conference: Call for Presentations

Share your expertise with fellow Region V members and present at the ACTE Region V Conference. Call for presentations closes on Feb. 1, 2024. [Submit here.](#)

2024 Region V Conference: Pūpūkahi i Holomua: Unite as one to Progress
SAVE THE DATE: April 9–12, 2024 in Honolulu, Hawaii

The Hawaii ACTE conference planning team is excited to host the 2024 Region V Conference in Honolulu, Hawaii from April 9-12, 2024. Pūpūkahi i Holomua is an ‘Ōlelo No‘eau (Hawaiian proverbial saying) that reminds us that progression can be successfully achieved through unity. When we come together as one body, one mind, and one spirit we are able to overcome adversities and accomplish great things. Discover **Pūpūkahi i Holomua** at the ACTE Region V Meeting in Honolulu, Hawaii from April 9–12, 2024. Whether you are a first-timer or a seasoned veteran, you will find something new at this conference. Our keynote speaker this year is Melissa Kaufman, who is an internationally recognized entrepreneurship expert, award-winning author, and former executive director of the Garage at Northwestern University. She is passionate about inspiring the next generation of leaders through education and community. Learn more and [Register Now](#). Register by Feb. 1, for early bird pricing, just \$475! After Feb. 1, registration is \$575.

Student Video Contest

ACTE -- the host of CTE Month® -- and NASA HUNCH are excited to announce the 2023-24 student video challenge, which offers students the opportunity to showcase the application of CTE and project-based learning programs in high-demand career fields on Earth as well as in space. This year's theme: "Why Go to the Moon?" The contest is open to students of all ages, including elementary, middle school, high school and postsecondary students in any school or homeschool. Submit a two-minute video by April 1.

Boeing Workforce Development

Schedule your Fall 2023 Boeing Excite Presentation

The Boeing Dedicated Hiring and Workforce Development Teams have been out and about this fall visiting manufacturing-related programs to share info and answer questions about:

- The skills we look for at Boeing
- The types of positions available
- Pathways into Boeing, including internships and full-time positions
- Pay and benefits

If you have not yet scheduled your Boeing Excite Presentation, email our outreach team at MfgTalentPartners@exchange.boeing.com to get the process started!

Starting Nov. 6 students can apply for Boeing's 2024 Manufacturing Internships

Next summer, Boeing will once again host manufacturing internships for high school and community/technical college students.

Students will be able to apply beginning Nov. 6 and an application link will be sent out via email on that date.

How to request access to the Core Plus Aerospace curriculum in Canvas

The Core Plus Aerospace curriculum has moved to Canvas. You can request access to the Core Plus Aerospace Canvas site at this link: <https://survey.alchemer.com/s3/7526587/OSPI-Canvas-Resource-Access-Request>

Manufacturing career opportunities at Boeing

- Students interested in full-time manufacturing career opportunities at Boeing should sign up for our preferred candidate contact list at: <https://boeing.avature.net/workdev>.

ENERGY FOR EVERYONE
propane

Technical School Grant Program

APPLY BY DECEMBER 31

There's a great new opportunity for technical school educators like you to get tons of great equipment and educational materials for your classroom—all at no cost.

The **Propane Education and Research Council** is offering up to **\$10,000 in grants to schools** all across America to support them in establishing or expanding their propane HVAC and plumbing technical education efforts.

Propane is one of the most established verticals in the clean energy sector. Offering propane education and certifications to your students will offer them even greater opportunities after graduation.

If accepted, you'll get:

- A professionally produced curriculum for your students
- A local propane professional who can serve as a classroom advisor
- A grant worth up to \$10,000 to put toward the purchase of propane appliances for classroom use

It's free and easy to apply. **Complete the PERC Technical School Grant Program application now.** Acceptance emails will be sent by mid-January.

But do hurry—the deadline to apply is December 31!

Experts share tips to bring fun, success to math learning

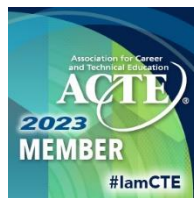

Anchoring math in real-world situations helps students understand the subject's relevance and makes math learning more enjoyable, says Elham Kazemi, a professor of math education at the University of Washington, during a recent webinar. In discussing ways to make math more fun for students, Kazemi and other experts offer ideas, including to enlist the help of families to help support students' learning.

Washington ACTE Membership Webpage

- **Renew your membership for WA-ACTE, Sections, and/or National ACTE.**
