1. Accomplishments Since the Last Report (please identify the strategic plan goal/objective each activity seeks to achieve):

The Website update and creation of the new logo is in full swing. We are trying to create a website that helps to communicate more directly with our members. We have added a blog post for communicating upcoming events as well as a members only section for sharing lesson plans and activities. We have also created a searchable data base for past conference presentations so attendee can assess this information later after the conference. We have also been working on designing a new logo to better represent us as an organization.

2. Emerging Critical Issues/Concerns for WA-ACTE and/or Your Section (for information purposes only):

None

3. Emerging Critical Issues/Concerns for the Field of Career and Technical Education (for information purposes only):

Additional funding for CTE and restoring the enhanced funding.

4. Other Comments/Suggestions:

Well done on helping the CTSOs with additional funding. I hope this goes through.

5. Upcoming Meetings or Conferences:

We have our WITEA Spring Expensing Possibilities Conference coming up in March. We also have TSA state the next week. Additionally, we have a group attending the region V conference in Tahoe at the end of April.
