

**REPORT TO THE WA-ACTE EXECUTIVE BOARD**

**WITEA**

**Submitted By:** Cheyenne LaViolette

**Date Submitted:** May 7, 2025

**1. Accomplishments Since the Last Report (please identify the strategic plan goal/objective each activity seeks to achieve):**

We successfully completed our Spring Conference in Wenatchee. There were 242 in-person attendees, 25 remote attendees, 108 pre-conference attendees, 25 exhibitors, and 54 hours of recorded sessions. We have created “tool kits” for our members that are available for our members. The kits include information on safety, CTSO participation, and more.

**2. Emerging Critical Issues/Concerns for WA-ACTE and/or Your Section (for information purposes only):**

We are concerned about the pause on new enrollment for the CWU Tech Ed program and also the issues facing the CTE Plan 2 route providers.

**3. Emerging Critical Issues/Concerns for the Field of Career and Technical Education (for information purposes only):**

See above

**4. Other Comments/Suggestions:**

**5. Upcoming Meetings or Conferences:**

**Our next general advisory meetings will be June 12. We will also have a meeting at Summer Conference as well as a member social during summer conference.**

**Items Requested to Be Placed on Board Agenda for Discussion**

*(Only include items that require Board discussion or action. These will be placed on the Board meeting agenda at the discretion of the President.)*
