February 15 marked the Policy Committee cutoff date for the 2021 legislative session. This means that any bill that has not been passed or "Exec'd" out of its policy committee (e.g., House Education, Senate Early Learning & K-12 Education) is considered "dead".

**Week 5 in Review:**

Bills of interest:

- **HB 1162** - Concerning high school graduation credit and pathway options – referred to and still in Rules
- **HB 1121** - Concerning the emergency waiver of graduation requirements – placed on second reading by Rules Committee

**What Is Happening in Week 6:**

Fiscal bills have until February 22 to clear committee (Senate Ways & Means and House Appropriations).

- **HB 1415** - Concerning skill center class size, to address insufficient funding required to meet current operational requirements - was heard in House appropriations and is on the clock to be moved out of committee by the 22nd.

Work continues to build support to return funding achieved last year for CTSOs with more and more legislative members signing on to a letter of support to both chairs of fiscal committees and budget writers.

Budget bill proposals will be “rolling” out from the “4-corners” of the legislature, which will begin to frame the negotiations for the final biennial budget. Stay tuned and please stay involved.

For more important dates, see the [2021 Session Cutoff Calendar](#).

We will be discussing any other upcoming bills at our weekly Open Leg Zoom Wednesday at 4:30 PM. Reach out to me if you would like to have the information to join in the meeting.

A Word of Caution for Working in This Process:

The WOVE Legislative Newsletter is for your information, education, and outreach.

Here are some simple guidelines in how you should properly use this information going forward. In a “virtual” world where many are working from home with school/public provided equipment it will be very important to pay attention to what is allowed when and how as we deal with this new process of advocacy.

- You may pass this information along to your home email and/or share with your administration.
- As a public employee using public resources (time, equipment, and servers) you may not engage in what can be considered “lobbying.” This means you should not during the school/contract day use school phones, computers, equipment, school email, and any use of public servers with your personal email to make direct contact to lobby any legislative member, this includes their staff or any member of the public that you are directing to vote in a certain way or take on any lobbying action. Lobbying is generally described as a direct ask for action in the political and/or legislative process at any level (local/state/nation).

So, if you choose to be personally or professionally involved in the political process you need to do so on your own time, outside the contract day, and with your own resources and personally owned equipment.
