

WOVE Legislative Update for Career and Technical Education

2019 Legislative Session | February 19, 2019

*WOVE...Representing the Career and Technical Education field through advocacy activities, which promotes the value of CTE and the policies that are needed to support CTE practitioners, advance the field, and improve student learning.
To subscribe to the WOVE Legislative Update or to view past issues, please click here.*

Last week I made a note that snow days have not been taken in modern history. I spoke too soon as the Legislature did close down one day for snow last week but quickly got back to business. *FYI - the Legislature's last shutdown was for a few days after the February 2001 Nisqually earthquake.*

Back to business: This is another important week for CTE. We have a hearing scheduled on [SB 5803](#) for Wednesday at 1:30 PM in the Senate Committee on [Early Learning & K-12 Education](#) at 1:30 PM (subject to change). ([Committee Materials](#)). "*Subject to change*" can be invoked at the discretion of the chair and with [HB 1891](#) being "pulled" from last week's scheduled hearing there may be a chance it happens again! To testify on the bill in public hearing you will need to come to Olympia. Let me know if you are coming and I can help. All of us can still have an impact by directly emailing [Early Learning & K-12 Education](#) members between now and the hearing. *Please do so on your own time using your own resources. (DO NOT – use work time, computers, email, and district servers.)*

Points to share, if you choose, on either bill:

- We appreciate the commitment to CTE that this body showed in 2017 with the full funding model for basic education.
- The amount of dollars directed towards CTE is adequate, and many schools have shown that by following the intended utilization pathway found in RCW [28A.150.265](#).
- As the legislature continues to focus their attention towards CTE and career-connected learning, it is our desire to assist in that by assuring equity of resources across the state.
- We believe that this bill steers all districts—big and small—towards the model that many districts have already shown to produce high quality CTE program delivery as a result.
- In the end, this proposal is simply cleaning up the language so the good work that this body did in 2017 is carried out in earnest, and the underlying intention is mandated to all districts.
- CTE is the most vital general education component we have for the 21st century, and this bill ensures that each student gets to maximize that potential, regardless of their zip code.

We have also received word that [HB 1891](#) is still being worked on by the prime sponsor with legislative staff—stay tuned.

If you're interested in staying engaged and helping our work on the CTE Resources bills, please join us for our weekly GoToMeetings every Thursday at 6 PM—just let me know and I will make sure you have the details to join us.

Taking Action

Hopefully you are engaged in actions to support our CTE advocacy efforts, so here are some actions you may consider taking.

Always remember to advocate on your own time and only using your personal email. Never use work resources to be assured that you do not violate PDC laws as a public employee.

- Review the week ahead committee meeting schedule, focusing on bills that have been scheduled for public hearing ([SB 5803](#) is scheduled for Wednesday) and then contact your legislators asking them to support our two CTE bills—especially if they serve on one of the committees where the bill has been assigned.
- Reach out with your perspective on the bill and share your story. Consider coming to Olympia to meet with your member and testify on a bill important to you.
- Share CTE program data from your school/district, stories, and suggestions to improve the proposed policy from your prospective, which is important to legislators. *You are the expert for your program and the needs of your students so don't be anxious to share your story.*
- Follow-up with legislators/committees on a specific bill or issue.
- Provide input on bills not yet scheduled for hearings that are an issue, area of interest, or concern to you.

Extras FYI:

[The CTE Research Network \(CTERN\)](#) is seeking high-quality CTE programs for possible inclusion in a study. ACTE is pleased to be a part of the CTERN, funded by the Institute of Education Sciences at the U.S. Department of Education. The American Institutes for Research and its partners—ACTE, JFF and Vanderbilt University—serve as the CTE Research Network Lead. Nominate or volunteer a program today!
