Welcome to week two of the 65th Legislative Session. The pace of activity here to say the least is moving at “high pace” with all the education bills being dropped with the various proposals for change and hopefully the final solution for fully funding education.

There will be a hearing in the Senate Early Learning & K-12 Education Committee for SB 5183 on Monday, January 23. Our association, our affiliates, and coalition partners have arranged a full room for testimony and support of the bill.

SB 5183 directly supports and puts into action our proposed ask for CTE funding with the following key points:

- In the 2017-2019 Biennial Budget, increases CTE funding to $68M by formula adjustments
  - With a 1.58 multiplier for CTE grades seven through twelve
  - With a 1.45 multiplier for skill centers
  - Reduces the indirect charges allowed from 15% to 5%
- In the 2019-2020 Biennial Budget, increases CTE funding to $187M by formula
  - Increases CTE grades seven through twelve MSOC multiplier to 2.14
  - Increases skill center MSOC multiplier to 2.04
- For both budgets a list of allowable expenditures for CTE and skill center MSOC is created

**Allowable Expenditures for CTE MSOC dollars:**

- Materials and supplies for CTE classrooms
- Work-Based Learning programs (e.g., internships and pre-apprenticeship programs) including coordination tied to CTE coursework and workforce data
- Certified Work-Based Learning coordinators and career guidance advisors
- School expenses associated with CTE community partnerships including evidence-based mentoring programs and expanded learning opportunities after school and during the summer on career-focused education programs with private and public K-12 and colleges, community-based organizations and non-profit organizations, industry partners, and workforce development entities
- Professional development associated with CTE technical skill teacher training with K-12, CTC, and industry partners
- Student fees for national and state industry-recognized certifications
- Course equivalency development to integrate core standards into CTE courses

This has been and will continue to be the focus of our work. There are other bill ideas being “developed” by other legislative members to ultimately provide the necessary funding for CTE going forward. As these various proposals come forward in bill form, you will hear about them here.

As always, THANK YOU for all that you do for the success of your students and ultimately the future of our state! If I can help in any way please reach out. As your association for CTE, we are here to help!

**February is Career and Technical Education Month®!**

CTE Month® is a public awareness campaign ACTE holds each February to celebrate Career and Technical Education and the achievements and accomplishments of CTE programs across the country. CTE Month 2017, with its tagline of “Celebrate Today, Own Tomorrow!” gives you the chance to inform others of the innovation and excellence that exists within your local CTE programs and raise awareness of the crucial role that CTE plays in readying our students for careers and our nation for economic success. For more information on how you can get involved, please click here.
